A confirmed reservation will represent a contract negotiated between the hotel and client. It should be clearly understood that in the event of non-arrival, cancellation, early check-out or amendments the client may be liable to charges at the discretion of the hotel and / or Travel Services.\* It is understood that the client will accept responsibility for all legitimate charges made by the hotel / Travel Services with regards to this reservation. Travel Services cannot be held responsible to hotel or client. **Please note that the hotel cancellation policies may be up to one month prior to the event**, these details will be notified to you during confirmation, may we suggest that you consider taking booking cancellation insurance for groups to limit liabilities – please ask Travel Services for details if required.

**Please note:** It is now general policy to hold valid credit card details provided by the client prior to their arrival at the hotel to guarantee reservations. This system protects both hotel and client from release of accommodation or losses due to non-arrival of client. To accept your reservations **we must have credit card details provided in full in the form below.**

\* No payment will be claimed by the hotel / Travel Services on these card details unless the reservation (1) is considered to be a 'no-show' i.e. accommodation is reserved, but client does not arrive and / or (2) cancellation of accommodation is not made through Travel Services before the stated minimum cancellation time or the client stays in the hotel accommodation but leaves without paying the full account (unless a company credit account has been pre-arranged) and / or (3) booking ends as an Early check-out and / or (4) amendments to confirmed bookings may incur charges. Hotel charges may be processed automatically. Travel Services charges will be notified. If you have any queries then please do not hesitate to contact Travel Services.
